

## ULTRON VFDC

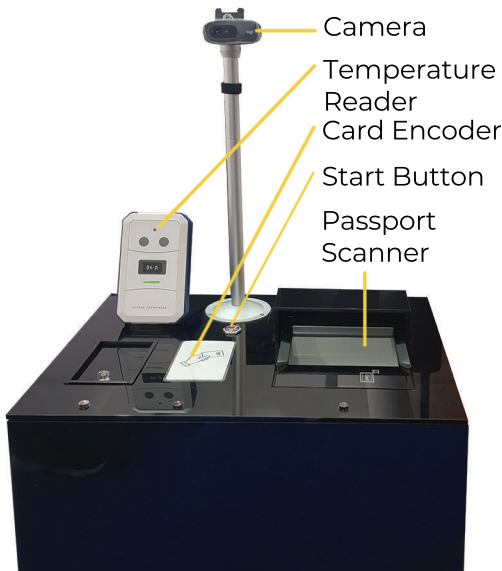

A compact kiosk where Front Desk can help guests perform check-in, payment and check-out remotely. Very importantly the kiosk can take temperature before key card is dispensed to guests.

# VIRTUAL FRONT DESK CONCIERGE

## SEAMLESS EXPERIENCE FROM CHECK-IN, ROOM ACCESS, PAYMENT TO CHECK-OUT

### FEATURES AND BENEFITS

- Temperature screening\*
- Remote check-in reduces unnecessary contact and exposure for all parties
- Works with any Property Management System
- Payment can be processed remotely by Front Desk
- Key card dispensing remotely controlled by Front Desk

Fully integrated with Ultron Smart Solutions to ensure seamless point-to-point transactions

\*Optional

### Productivity

Our VFDC is designed to run almost 24/7. It allows Front Desk to check-in guests remotely, reducing unnecessary contact and exposure for all parties. Resources can be centralised to facilitate check-in for multiple locations.

### Enhanced Guest Experience

Integration with Automated Temperature Access System, check-in and out with temperature screening control ensure guests of effective safety measure. Resources can be redeployed to improve housekeeping and cleanliness, adding value to guest comfort and confidence.

### Reliability

Strong and reliable backend support by subject experts to ensure business continuity.
